## SELECTMEN'S REPORT

---

*To the Citizens and Taxpayers of Gilford:*

We have the pleasure of presenting herewith the annual report of the Selectmen and the Treasurer, also the reports of the Town Clerk, Collector of Taxes, and various other town officers and committees, and the annual report of the School Board, for the fiscal year ending January 31, 1925.

It is necessary for the Selectmen to submit a budget for the ensuing year, recommending appropriations that seem advisable, after carefully considering the needs of our Town, and we present herewith suggestions covering the various articles which appear in the Town Warrant.

Our most important project is our highways, and in the past year we have made good progress in the construction of the Winnepesaukee Road, which, when completed will be a credit to our Town; a new road has been laid out and partially built on Varney Point, so-called, and as practically one-half of the appropriation still remains in the treasury, no additional appropriation is asked for this year.

We believe it is good policy to continue our work on the Winnepesaukee Road until it is completed.

The following appropriations are recommended for the ensuing year:

Current maintenance expenses	\$1,600.00
Memorial Day	40.00
Support of the Public Library	250.00
Highways and bridges	8,500.00
Additional for Trunk Line construction	872.00

Special appropriation for road at Pine Grove Cemetery	200.00
--	--------

There are other articles in the Warrant calling for appropriations which should receive careful consideration. The Library Trustees and Library Building Committee have practically completed the construction of a new Library Building, and will request an appropriation to finish it.

The Young Men's Community Club is asking for a furnace to be installed in the Town hall; we should leave nothing undone that will help retain the interest of our young men, this proposition should have our support.

Our State and County taxes this year will probably be a little more than last year, but we are in hopes that the School Appropriations will not be as large. We must see to it that our total appropriations do not exceed the total amount appropriated last year, in the interest of lower taxes.

Respectfully submitted,

LELAND M. JAMES,  
MAURICE W. SAWYER,  
JOHN A. HAMMOND,

*Selectmen.*

## LIBRARY REPORT

---

*To the Citizens of the Town of Gilford:*

As the trustees of your public library we take pleasure in submitting the following report for the year ending January 31, 1924.

The librarian's report shows:

Total number of volumes catalogued	4,076
Volumes added the last fiscal year	56
Volumes donated by town	17
Volumes replaced by town	11
Volumes donated by Mrs. W. B. Marden	21
Volumes donated by Mrs. Carrie E. Morrill	5
Volumes donated by Mrs. G. E. Sanborn	13
Volumes donated by the will of the late Freeman S. Parker	1
Number of books loaned:	
Fiction	1,761
General literature	560
History	31
Total	<hr/> 2352
Largest number loaned in one day	66
New patrons	14

We have endeavored to keep the magazine table supplied with a collection of the very best magazines treating upon a large variety of subjects and find they are well received by the patrons adding much to the amount of good reading.

Fewer volumes have been added this year for lack of room and the expectation that the coming year finds them removed to the new library building.

There was a large number of books by our standard authors which were worn past being loaned. Eleven have been replaced the remainder of the list is still in the hands of the Library Replacement Bureau. In consideration of the fact that the books will soon be moved from their present quarters we would recommend that some system of cataloguing be adopted, so that the work of the Librarian can be accomplished in a more systematic way and save much needless wear to the books. The trustees have had the hearty co-operation of the Librarian.

We are sure the patrons of our library will take much pride and pleasure in the roomy building now under construction with its light stack room and beautiful reading room and trust a very successful year is in store for the lovers of good books.

## REPORT OF LIBRARY BUILDING COMMITTEE.

---

We have the honor of submitting the following report for your consideration:

Excavation was started October 14, 1924, for the foundation of a library building on the lot donated by the Rev. and Mrs. W. F. Harding for a Public Library. Most of the work being done gratis by citizens ready for a cement foundation giving a basement which is both light, airy and fireproof.

Estimates were submitted by contractors with the result that W. H. Bisson's was the lowest.

Owing to the cold weather and need for heating during some of the work it seemed advisable to purchase a furnace, the same has been installed. Through the kindness of friends a new furnace was obtained for \$96.00. There has been much interest manifested by the summer friends of Gilford and several checks have been received to be used toward the equipment of the library others have expressed themselves as desirous of helping later, one party wishing to furnish the desk and chair for the librarian.

With the anticipation that the building would be lighted by the town's electrical plant the wiring has been done before having the inside finish completed. W. A. Gove and Leslie Curtis gave the work.

The kindness of the many friends is fully appreciated and we wish to thank each and all who have in any way helped. It has been the aim of the committee to have a well constructed building at as conservative a figure as possible without cheapening

the quality of work and material to the extent of making it detrimental to long usage.

It was well understood that the amount of funds already available were not enough for the completion of the project yet it was deemed advisable to start the building using what was available, having confidence in the good judgment of the citizens and feeling assured they would stand by the committee as implied by them a year ago and do themselves proud in making it possible to complete the whole structure in a creditable manner.

Respectfully submitted,

LIZZIE A. SANBORN,  
FRED R. WEEKS,  
FRANK R. VARNEY,  
HERMAN E. OLSEN,  
SARA P. SMITH,  
LELAND M. JAMES,

*Library Building Committee.*

## REPORT OF THE SUPERINTENDENT OF SCHOOLS.

---

*To the School Board and Citizens of Gilford:*

I herewith submit my annual report as superintendent of schools. I take this opportunity to express my appreciation of your helpfulness and forbearance and of the hearty co-operation of the teachers and school children.

The school year which closed last June was a reasonably successful one. Matters of interest may be found in the statistical table printed on another page. All our schools were in session thirty-six weeks which has become the minimum standard throughout the state. The total number of different pupils enrolled was 116, the average membership was 109, and the per cent. of attendance was 93. In all three of these items there is an increase over the previous year. The superintendent made 106 visits to schools and attended eight meetings of the School Board. Six pupils had perfect records in attendance for the entire year. They are to be congratulated on their good health and commended for their interest and persistence. The following are names of these pupils:

Village—Malcolm Thompson.

No. 9—George Levoy, Elaine Drouin.

Lake Shore Park—Christine Flanders, Priscilla Flanders.

No. 12—Edna Johnson.

Closing exercises were held on the evening of June 19 at the Town hall. They were participated in by representatives from all the different schools.

Certificates were presented to 10 pupils who completed the eighth grade work. I am glad to report the seven of these enter high school in September. The successful pupils were the following:

East Gilford—Albert Fortier, Carl Lamprey.

Lake Shore Park—Olive Ames.

Intervale—Charles Knowlton.

No. 9—George Levoy.

Village—Emma Sawyer, Evelyn Thompson .

Lily Pond—Barry Dame, Angeline Landry, Emily Olsen.

Schools opened in September with four new teachers. Miss Alice Clow of Wolfeboro succeeded Miss Hunt at East Gilford. Miss Clow came to us without experience and with but six weeks training at the summer school. She has taken hold of her work with energy and determination and is proving a success. Mrs. Lillian Knowles of Laconia succeeded Mrs. Bartlett at Lake Shore Park. Mrs. Knowles is a teacher of experience who always manifests very great interest in her school. Mr. Morrill resigned his position at No. 9 school as it was not convenient for him to meet certain state regulations. The necessity for this was much regretted by us all. He was succeeded by Mr. Parker of Littleton. Mr. Parker has had two years at New Hampshire State University. Miss Ruby Smith of Meredith, a graduate of Plymouth Normal School, succeeded Miss Warburton at Lily Pond.

The following summary may be of convenience :

SCHOOL	TEACHER	YR SAL.
East Gilford	Alice Clow	\$612
Lake Shore Park	Lillian Knowles	720
Intervale	Mabel Bechard	648
Lily Pond	Ruby Smith	850
No. Twelve	Ruth Smith	950
Village	Charles Corbin	792
No. Nine	Donald Parker	648

The scarcity of teachers which has prevailed for several years seems to have disappeared. At the opening of schools in September there was a considerable number of normal graduates who were not placed in positions. This was in part due to the fact that many of the rural positions were filled early in the summer by partly trained girls, and in part to the fact that some of the normal graduates did not desire to take rural schools when the opportunity presented itself. At the present time there are in training in our two New Hampshire normal schools seven hundred and fifty. The time seems reasonably near when there will be a trained teacher in every school in the state. However, there will never be an over supply of first-class teachers.

The present total enrollment in our schools is one hundred and ten. There are seven pupils from Gilford whom we pay tuition attending the elementary grades in Laconia, and four pupils attending the seventh or eighth grade in the new high school building. The tuition rate has been raised so that we are now paying \$36.00 per year for each pupil in grades one to six and \$57.00 per year for each pupil in grades seven and eight. The state average for the cost per pupil of maintaining elementary schools is about \$70.00. It will be seen that these tuition rates

are not excessive. Those eighth grade pupils who were sent to Laconia from the No. 12 school because of the crowded condition are having the advantages of a fine school in a new building.

During the summer improvements were made on the No. Twelve building which make this our most attractive schoolroom and most satisfactory school building. We now have a well and properly lighted room, equipped with good furniture. If we but had a jacketed stove the room would be almost ideal. Two important improvements which were made were the changing of the entrance to the building and the installing of chemical toilets. The total outlay was \$602.29. Teacher and pupils very much appreciate the new conditions and I am glad to report that we have here an excellent school. The general spirit is remarkably good.

The only other considerable outlay for repairs during the year was the construction of a much needed outhouse at East Gilford.

I would recommend that the policy of improving and making more attractive one building each year be continued. The Intervale building certainly calls for attention and there are persistent calls for improvements on the Village building. The installing of some new blackboards and painting of the exterior have been a help but much more should be done. Both the Lily Pond and Lake Shore Park buildings should be painted. It seems to me poor economy to let them go longer.

We unexpectedly received \$1,044.08 last year from the state equalization fund and we have received a like sum this year. There are ample funds in the school district treasury to meet all needs for the remainder of the fiscal year and there should be a balance in June of some over \$1,000.00. The School Board's budget for the next fiscal year should

receive attention. This is practically the same as last year's budget. A sufficient sum should be appropriated at the school meeting so that the district may qualify for state aid.

Your superintendent is planning to attend the national meeting of school superintendents which is held in Cincinnati the last week in February.

Respectfully submitted,

CHANNING T. SANBORN,

*Superintendent of Schools.*

February 1, 1925.

STATISTICAL REPORT FOR THE YEAR ENDING JUNE  
30, 1924.
